Then I just want the record to reflect that he is testifying now as the designated person on behalf of the City on behalf of the Savannah Police Department is that correct? for the purposes of this deposition?  MR. O'CONNOR: Well, one of the things we put in this objection was the Savannah Police Department is not a legal entity, so we have presumed there what you intended to send us was a notice to the City of Savannah. And so he is the designee of the City of Savannah, which is the defendant  MR. SCHIAVONE: Okay.  MR. O'CONNOR: for purposes of this

except as to form of question. We stipulate to that in every single deposition. The only reason we did a written objection was to give you guys a heads-up before we got here. It was really out of courtesy. We didn't have to do it in written form.

MR. BRADLEY: I think. No, it wasn't.

agreed to show the video to this organization?

2 A. I know the chief showed it to the 3 organization.

Q. All right. The -- was there anything in the City of Savannah records that -- where they received the PowerPoint presentation that Minter created in reference to showing this video to CARE or any other organization?

A. Not that I can recall.

Q. Have you ever seen the PowerPoint presentation?

A. I have not.

Q. All right. Were there any documents or anything that indicate who called the press conference on the courthouse steps in reference to this case against Kang at that time and Mike Arango?

A. I don't -- I don't -- I don't have knowledge of who called for it. I know that there was one.

Q. All right. Would that have been normal procedure of the police department, to hold press conferences in reference to a pending criminal case and discussing it?

A. That's a broad question, but, I mean, we've talked about criminal cases that are in

**Gilbert & Jones** 

A. I did, sir.

Q. All right. And in reference to, you know, Chief Minter contacting third -- well, what I would consider third parties, people not associated with the police department or the district attorney's office, did you find anything in the City where anything that would show documents where Minter showed that video of the Faitele incident to outside sources other than the district attorney's office?

A. Yes. The video was shown to the CARES Committee.

Q. And would that -- would that have been a normal procedure with the police department and the City of Savannah of an ongoing criminal investigation, to release evidence?

A. No.

Q. Did you see any documents in which the City may have contacted the chief as to why he would be showing this footage to an outside source of a pending criminal case?

A. I did not.

Q. All right. Did you see any documents that show where the City took an active role in the showing of that video to, in this instance it would have been CARE, where they along with the chief Gilbert & Jones

progress or showed video or surveillance video or
pieces like that. So in that aspect we have done
that while an investigation was going on many of
times.

Q. All right. Did you see any e-mails or other communications in the records of the City of Savannah between the mayor or anyone else and the Chief Minter in reference to that -- to that press conference? Dates? Times? Who would be there? What would be said? Anything of that nature?

A. Not that I recall seeing, sir, no.

Q. All right. And did you ever review the PowerPoint that Minter created in reference to this case?

A. No, sir.

Q. All right. Do you know if there were any documents at the City of Savannah that reflected part of that presentation included slides concerning George Floyd, Breonna Taylor and the Arbery incidents?

A. No, sir.

Q. And do you know why there would be any relevance of those cases to be presented to CARE or anyone else as part of the criminal investigation?

A. No, sir.

Q. Do you believe it was ethical for Chief Minter or even the mayor of the City of Savannah to have held that press conference or discuss this matter with anyone outside of the police department or the district attorney's office?

MR. O'CONNOR: I'm going to object to that question as being outside the scope of the 30(b)(6) notice.

MR. SCHIAVONE: All right.

(By Mr. Schiavone) Do you know of anything? I understand there's an objection.

## **PURPOSE**

The purpose of this directive is to establish guidelines for the investigation of complaints against employees of the Savannah Police Department (SPD). All complaints will be thoroughly investigated to determine the appropriate finding.

# **POLICY**

A system to investigate and review complaints is essential to establish and maintain the public's confidence and trust, and to protect our citizens from police misconduct. This same system will also protect the integrity and the rights of all SPD employees. Citizens are encouraged to bring forward legitimate complaints regarding policy violations and misconduct by all SPD personnel. SPD personnel will act in a courteous and professional manner when receiving complaints from citizens. SPD personnel will assist and cooperate in the processing of citizen complaints. It shall be the policy of the SPD to investigate all complaints against its employees and to maintain an Office of Professional Standards Unit which will thoroughly, expeditiously, and impartially investigate all complaints involving the Department's integrity.

When an employee's continued presence at work would be a detriment to the efficiency of the Department or to public safety, the Chief of Police or his designee may place an employee on administrative leave with pay during the investigation process. When such action is taken, the supervisor or commander responsible for making the notification shall notify the employee in writing and shall submit that notification to the appropriate Division Commander.

## **PROCEDURE**

## I. OFFICE OF PROFESSIONAL STANDARDS

- A. The Office of Professional Standards (OPS) is organized under the Office of the Chief of Police. The OPS Commander reports directly to the Chief of Police. [CALEA 52.1.3]
- B. The OPS coordinates and exercises staff supervision over complaint investigations and/or allegations of policy violations and misconduct against Department employees from all sources.
- C. The OPS serves as the SPD's control agent in all citizen complaints; recording complaints when received, reviewing completed investigations for thoroughness, objectivity, and accuracy, and establishing and maintaining a complete case file on each complainant.

- D. The OPS shall be responsible for recording, registering, and controlling all alleged or suspected policy violations and misconduct complaints against the employees of the SPD. The confidentially of internal investigation files shall be maintained in accordance with public records law.
- E. The OPS Commander shall be directly responsible for the Office of Professional Standards function and shall report all complaints involving violations of the law, use of force incidents involving serious injury or death, and conduct involving moral turpitude directly to the Chief of Police, or designee, without delay. [CALEA 52.2.2]
- F. The OPS shall have the authority to interview any employee, use facilities and equipment, and review any record or report of the SPD in order to facilitate the just resolution of all complaint investigations.
- G. Recognizing that complaint investigations are conducted under the immediate authority of the Chief of Police, SPD personnel shall cooperate with and assist the OPS during investigations.
- H. The OPS Investigators will be knowledgeable of all processes involved in the investigation of complaints, administering of discipline, and all applicable rules, orders, directives, and procedures.
- I. The OPS will develop and maintain a database of all SPD complaints. Disciplinary Actions taken as a result of an Administrative Investigation or a Citizen Complaint will be entered into the OPS database/computer file. A copy of the Disciplinary Action Record, notification letters, and all other associated documentation will be filed with the completed case file. All discipline records will be maintained in accordance with the State of Georgia records retention laws.
- J. The OPS will forward all Disciplinary Action Records (DAR) to the City's Human Resource Department for record-keeping purposes.
- K. The OPS will apprise the Chief of Police of the status or progress of disciplinary actions that are under appeal or that may develop into an appeal.
- L. The OPS will make observations or recommendations to the Chief of Police concerning any modification or improvement in disciplinary procedures, legislative updates or practices, as well as needed training based upon trends and tendencies that have been identified.
- M. The OPS will monitor sensitive cases that may affect future policies or actions and will make appropriate recommendations for change.
- N. The OPS will serve as the liaison with other entities involved in the disciplinary process including, but not limited to, the Chief of Police, the District Attorney's Office, The City Attorney's Office, the County Attorney's Office, and the City of Savannah Human Resources Department.
- O. The OPS investigates complaints against the SPD employees. OPS investigators are responsible for the investigation. They are strictly fact finders. They DO NOT make recommendations regarding findings or penalty. The employee's Commander is the first to make a recommendation regarding the finding of the case, and the recommended penalty.
- P. To expedite the closure of internal complaints, the OPS may assign a day for

- the Command Staff to discuss and review completed cases.
- Q. The OPS Investigators will be assigned to a Precinct/Division to attend Community meetings (Outreach) and to be a liaison between SPD personnel regarding the complaint process through final disposition.

## II. COMPLAINT INVESTIGATIONS

- A. All complaints and discipline files can be classified under one of the following three areas:
  - 1. **Supervisory Discipline:** This type of discipline is usually generated through the first line supervisor, and depending on the violation or misconduct, may require a formal investigation.
  - 2. **Citizen Complaints:** Depending upon the severity of the allegation, such complaints may require a formal investigation. Should a citizen's complaint be so severe as to merit a formal investigation, it will then be labeled as an Internal Investigation.
  - 3. **Internal Investigations:** The more serious allegations usually require a formal investigation and may include the advisement of rights pertaining to an administrative investigation which is known as the Garrity Warning.
- B. Supervisory personnel are authorized to investigate violations involving: [CALEA 52.2.1 a]
  - 1. Minor violations of policy and procedure;
  - 2. Allegations of rudeness to citizens;
  - 3. Insubordination:
  - 4. Tardiness or abuse of leave.
- C. A comprehensive investigative report shall be prepared on all investigations. This report will include:
  - 1. A summary of the complaint or alleged act of misconduct.
  - 2. A description of the incident, physical evidence, and other pertinent information.
  - 3. Non-edited investigative statements.
  - 4. Evaluation of the complaint with a statement indicating what can or cannot be substantiated.
  - D. Investigations by supervisory personnel shall be forwarded through their Chainof- Command for review to ensure citizen complaints are resolved satisfactorily. A comprehensive investigative report, LOT to include, applicable Douglas Factors will be completed and submitted to the OPS Commander as soon as possible. In those cases where delays are anticipated, the OPS Commander will be notified.
- E. The OPS shall conduct investigations into: [CALEA 52.2.1b]
  - 1. Civil liability suits against members of the Department.

- 2. Internal investigations for other agencies within the concurrent jurisdiction of the SPD, at the direction of the Chief of Police.
- 3. Allegations of corruption.
- 4. Gross misconduct.
- 5. Allegations of the use of excessive force or brutality.
- 6. Use of deadly force and firearms.
- 7. Violations of civil rights.
- 8. Allegations of criminal misconduct.
- 9. Incidents requiring investigation that are extremely lengthy, time consuming, involve multiple units or divisions, or when other investigative resources are unavailable.
- 10. All other Administrative Investigations assigned by the Chief of Police.
- F. All complaint investigations should be completed within ninety days of the dated assigned. [CALEA52.2.3] Any delays should be cleared through the OPS Commander. If the case is not resolved within ninety days the complainant will be notified in writing of the case status. [CALEA 52.2.4b]

# III. RELIEF FROM DUTY [CALEA 52.2.7]

- A. When an employee's continued presence at work may be a detriment to the efficiency of the Department or to public safety, the Chief of Police or his designee may place an employee on administrative leave with pay during the investigation process.
- B. When such action is taken, the supervisor or commander responsible for making the notification shall notify the employee in writing and shall submit that notification to the appropriate Division Commander.
- C. When an employee is placed on Administrative Leave pending an internal investigation either the Internal Affairs Office or the employee's commanding officer will retrieve and secure the person's firearms and badges. Upon completion of the investigation the Chief of Police or designee will determine the reinstatement of the items.

## IV. COMPLAINT PROCESS

- A. Allegations of police misconduct are received as complaints from both citizens and SPD personnel. All complaints against the SPD and its personnel will be documented and investigated, including anonymous complaints. [CALEA 52.1.1]
- B. Citizens wishing to register a complaint will be referred to the employee's immediate supervisor. If the immediate supervisor is unavailable, a supervisor within the employee's division shall be notified.
- C. The supervisor processing the complaint will record pertinent information regarding the complaint on the Complaint Form (SPD Form 1044w).
- D. All complaints will be investigated, including complaints where the complainant is unwilling to complete or sign the complaint form.
- E. The complaint shall be documented and, as soon as practical, the supervisor must

- telephone or e-mail the OPS for a control/tracking number.
- F. Upon receipt of a complaint the OPS Office will provide the complainant with documentation the complaint has been received and provide a description of the process. [CALEA 52.2.4a]
- G. Once a tracking number has been assigned and a brief synopsis given to the OPS Investigator, it will be determined by the OPS Commander if the investigation will be conducted by a supervisor of this Department or by an OPS Investigator.
- H. The person recording the complaint shall provide the complainant with a copy of the Complaint Form.
- I. When an employee is notified that they have become the subject of an OPS investigation, the employee shall be issued a written or electronic notice of the allegation and the employee's rights and responsibilities relative to the investigation. [CALEA 52.2.5]

# V. INVESTIGATIVE PROCEDURES

- A. The complainant shall be interviewed as soon as practical regarding the complaint. The recorded complaint interview will be retained in the same manner as established for the internal file from which it was taken.
- B. The Complainant shall be asked to read and sign the Complaint Form.
- C. The Complainant shall write the complaint on pages two (2) through four (4) of the Complaint Form and additional pages may be added if necessary.
- D. The supervisor shall conduct a preliminary investigation, including interviewing the complainant and any witnesses readily available in person. The supervisor shall also advise the subject employee of the complaint, when appropriate.
- E. An effort will be made to locate and interview each person who may be a witness or have information relevant to the incident.
- F. When an employee is under investigation and subject to a formal interview, the interview shall be conducted under the following conditions:
  - 1. When practical, appropriate Commanders should be notified when one of their subordinates is to be interviewed by an OPS Investigator.
  - 2. Interviews of SPD employees should be scheduled during the employee's normal duty hours, when practical.
  - 3. Employees will be compensated for interviews conducted at times other than normal duty hours.
  - 4. Employees being interviewed or writing a statement concerning an internal investigation may not have an attorney, supervisor, or Commander present.
  - 5. The interview should take place in the Office of Professional Standards or any place necessary in order to complete the mission.
  - 6. The employee will be informed of the name and rank of the interviewer and all other persons present during the interview.
  - 7. The employee will be informed of the nature of the investigation before the interview begins.

- 8. The employee will be informed of all the complainant(s), unless there is a compelling reason not to do so.
- 9. The interview should be audio/digital recorded by the interviewer.
- 10. Questions asked during the interview should be relevant to the investigation and should be within the area of knowledge the employee is thought to possess.
- 11. If an interview extends into a normal mealtime, the interview should be suspended while the employee has a meal period.
- 12. If the interview continues beyond the normal tour of duty, the employee should be allowed to make phone calls to notify such persons as necessary.
- 13. Employees will be allowed to use toilet facilities as necessary.
- G. In addition, an employee may be required to: [CALEA 52.2.6]
  - 1. Be photographed, to participate in a lineup, and/or to submit a financial disclosure statement when the actions are material to a particular OPS investigation being conducted by the SPD.
  - 2. Submit to a medical or laboratory examination, at the SPD's expense, when the examination is specifically directed and narrowly related to a particular OPS investigation being conducted by the SPD.
  - 3. Submit to a polygraph examination in the course of an OPS investigation. The use of the polygraph will be restricted to those issues narrowly related to a particular internal investigation. Generally, the citizen or witness must submit to and pass the polygraph examination before such examination will be considered for the employee.
  - 4. An employee shall be ordered not to divulge any information about the interview until the disposition of the investigation, if the progress of the investigation would be otherwise hampered.
  - 5. Employees may not refuse to provide a statement to the OPS. Refusal shall result in immediate suspension, and the OPS Commander shall immediately notify the Chief of Police.
- H. All complaint investigations will be completed, regardless if the employee retires or resigns prior to the conclusion of the investigation.
  - 1. When an employee retires or resigns prior to the conclusion of the investigative findings, the employee's separation status will reflect either:
    - a. Retired Pending IA Investigation
    - b. Resigned Pending IA Investigation

# VI. INVESTIGATIVE FINDINGS

- A. When the investigation is completed, Commanders shall write a Letter of Transmittal (LOT) and complete the Douglas Factors, which will be placed in the investigative file and forwarded to the OPS. The Letter of Transmittal will include a written conclusion of fact explaining the basis for the decision (recommended finding and/or penalty). [52.2.8]
- B. Commanders will use discretion in considering aggravating or mitigating circumstances, as well as discipline history, in arriving at their recommendation.

- C. The LOT and Douglas Factors, with the recommended disciplinary action, shall be forwarded to the OPS for record-keeping purposes. OPS will forward the investigative file with the LOT to the next Command Officer in the Chain-of-Command. Once received, the Commander has 10 days to complete the LOT. This process will continue until it reaches the Chief of Police, or designee, for final review and approval.
- D. Once a finding is reached, the subject officer will be notified by the investigating Division Commander, or designee. The subject officer shall receive a complete copy of the investigative file.
- E. If the complaint is sustained and the penalty is above a written reprimand, the subject officer can respond, either verbally or in writing, within 3 days, to the allegations (Cleveland Board of Education v Loudermill).
- F. When discipline is issued the employee will be notified of their right to appeal under the City of Savannah Policy (HR-020A).
- G. If the employee fails to appeal to the City Manager, this non-response will constitute a waiver of the right to appeal and the discipline will be imposed.
- H. Final disciplinary action reports (DAR) shall be forwarded to the OPS for recordkeeping purposes.

## VII. DISPOSTION

- A. Investigations into allegations of policy violations or employee misconduct will conclude with one of the following findings:
  - 1. **EXONERATED** The investigation supported the conclusion that the incident did occur, but the employee's actions were legal, proper, and reasonable.
  - 2. **UNFOUNDED** The investigation supported the conclusion that the employee did not engage in the alleged conduct and did not violate a rule by doing so.
  - 3. **POLICY FAILURE** Policy or procedure does not properly address the allegation or procedure which led to the alleged conduct and the investigation reveals recommended policy or procedural changes.
  - 4. **NOT SUSTAINED -** The investigation didn't prove or disprove the alleged conduct.
  - 5. **SUSTAINED** The investigation supported the conclusion that the employee engaged in the alleged conduct and violated a rule by doing so.
- B. Appropriate disciplinary action will be taken, when warranted, and a complete file maintained by the SPD Office of Professional Standards.
- C. Investigative findings for those employees that have since retired or resigned will be forwarded to the Chief of Police or designee. Depending upon the final disposition of the investigation the Chief of Police or designee will change the former employee's separation status accordingly.
- D. Upon conclusion of the investigation, the involved employee(s) will receive, in writing, notification of the results of the investigation.

- 1. This will also include those employees that have retired or are no longer employed with the Savannah Police Department.
  - a. This notification will be done by certified mail and with a return/receipt.

# VIII. OFFICE OF PROFESSIONAL STANDARDS ROLE IN CRIMINAL INVESTIGATIONS

- A. If during the course of an Internal Administrative Investigation there appears that there is, or that there may have been, a violation of criminal law, the investigation by the OPS may be suspended and the Chief of Police promptly notified.
- B. No further administrative investigative effort will normally be made until after the Chief of Police has determined whether to assign the matter for criminal investigation.
- C. Employees under investigation for alleged criminal law violations will be afforded those rights guaranteed by the Constitution of the United States and the policies and procedures of the SPD.
- D. Generally, criminal investigations will be conducted by the appropriate investigative unit or agency unless the OPS is directed by the Chief of Police to conduct the criminal investigation.
- E. Deadly force cases will be investigated in accordance with the SPD's Use of Force policy (General Order #ADM-007).

# IX. MISSED COURT, TRAINING, VEHICLE MAINTENANCE

- A. The OPS shall receive notices for unexcused absences from supervisors who coordinate court, training, or vehicle maintenance for their respective units. Once received, the OPS will record the alleged unexcused absence and notify the employee's Commander.
- B. The Commander or designee of the subject employee has 15 days to investigate the allegation and return the appropriate finding and/or penalty to the OPS.
- C. If the finding is Sustained, the Commander or designee must recommend the appropriate pre-determined penalty for the employee and forward that recommendation to the Assistant Chief for approval, rejection or modification. These penalties have been set by the Command Staff, and are listed below:
  - SPD Personnel who are <u>unexcused</u> from training, court, or appointments with vehicle maintenance will receive the following:

First offense:	Written Reprimand
Second Offense:	1 Day Suspension
Third Offense:	3-Day Suspension
Fourth Offense:	Chief's Office

Each category will stand alone, not consolidated.

# Example:

Unexcused absence from court	Written Reprimand
Unexcused absence from training	Written Reprimand
Unexcused absence from court (second violation)	1 Day suspension

Time Frame: After two (2) years the penalty enhancement drops off, however, the disciplinary file remains. [In other words, if you have a failure to appear (Court) in January 2007 and then a failure to appear in January 2008; in January 2009 the first one drops off. If you have a third failure to appear in February 2009, then you have two penalties.]

Example:

Written Reprimand for court: Jan. 2007 1-Day Suspension for court: Jan. 2008 Jan. 2007 penalty drops off: Jan. 2009.

Failure to appear in Feb. 2009: 1-Day Suspension.

# X. RUDENESS COMPLAINTS

- A. Rudeness complaints will generally be classified as a Citizen Complaint. Depending upon the severity of the allegation, such complaints may require a formal investigation. Should a citizen's complaint be so severe as to merit a formal investigation, it will then be labeled as an Internal Investigation.
- B. When appropriate, the Precinct/Unit supervisor shall conduct the investigation, including interviewing the complainant as soon as practical regarding the complaint and any witnesses readily available in person. The supervisor shall also advise the subject employee of the complaint.
- C. If the finding is <u>Sustained</u> (all other findings do not apply), the Commander or designee must give the appropriate pre- determined penalty to the employee. These penalties have been set by the Command Staff, and are listed below:

SPD Personnel who have <u>sustained</u> rudeness complaints will receive the following:

First offense:	Written Reprimand
Second Offense:	1 Day Suspension
Third Offense:	3-Day Suspension
Fourth Offense:	Chief's Office

Time Frame: After two (2) years the penalty enhancement drops off, however, the disciplinary file remains. [In other words, if you have a <u>sustained</u> rudeness complaint on January 1, 2011 and another in January 2, 2013; the January 1, 2011 will drop off and does not apply to the progressive discipline above. If you have another in February 2013, then you have two applicable offenses and a 1 day suspension would apply.]

# XI. ADMINISTRATIVE INVESTIGATION FILES [CALEA 52.1.2]

# CITY OF SAVANNAH CONFLICT RESOLUTION PROGRAM

The City of Savannah is committed to the process of assisting employees and supervisors in resolving conflict. Conflict is a normal part of human interaction. Most conflicts are resolved by people learning to work more effectively with each other. The City encourages its employees to seek informal resolution to all workplace conflict; however, there are times when conflict does not get resolved and escalation leads to anger, bitterness, and a breakdown in communication. In the workplace this can lead to further problems with morale and work performance. The City's Conflict Resolution Program provides employees and supervisors with guidelines on how to resolve conflict informally. The program also outlines the process to follow when informal resolution to workplace conflict has been ineffective and formal assistance is requested from the Employee Relations Coordinator.

# Resolving Workplace Conflict (Informal)

# **Employee Responsibilities**

Employees are encouraged to be responsible in their communication and behavior at work. When a conflict arise employees are encouraged to:
<ul> <li>□ Approach the other person to determine if the other person is willing to talk.</li> <li>□ Avoid blaming and "name calling" when talking about the problem.</li> <li>□ Avoid soliciting others to take sides in the conflict.</li> <li>□ Be a good listener and understand the other's point of view.</li> <li>□ Look for areas of agreement and mutual concerns.</li> <li>□ Offer an apology if appropriate but don't discount personal feelings.</li> <li>□ Be firm about individual interests but be flexible on the solution.</li> </ul>
In addition to these guidelines, the City offers classes in conflict resolution and workplace communication and encourages all employees to attend.
Supervisor Responsibilities
Supervisors are also encouraged to assist employees in resolving conflicts at work. To do this, supervisors should:
<ul> <li>□ Encourage employees to discuss differences and concerns</li> <li>□ Listen to problems without becoming defensive or emotional.</li> <li>□ Avoid gossip and discussion of one employee about another.</li> <li>□ Empower employees to discuss conflict with each other.</li> <li>□ Sit in on discussions and help employees find resolution if needed.</li> <li>□ Be open to creative solutions to conflict.</li> </ul>

Supervisors are also encouraged to take classes designed to improve their communication and conflict resolution skills.

# Employee Assistance Program (EAP) Involvement

Self-referrals: If an individual employee has been unable to resolve a workplace conflict, the employee may seek guidance and consultation from the Employee Assistance Program Coordinator. The EAP Coordinator will conduct an initial assessment in order to ascertain the influences of other personal or work-related factors that may be impacting the conflict. If an employee seeks help with conflict resolution from the EAP, all information relayed to the EAP Coordinator is strictly confidential, except when mandated reporting is required by law or if an employee provides written permission to release information.

Supervisory Referrals: If a supervisor is aware that there is a conflict between or among employees that is affecting work performance, including the morale of the department, the supervisor should counsel the employees individually regarding the conflict, encouraging the employees to work out the disagreement. If the conflict is not resolved and continues to be a problem, the supervisor should meet again individually with each employee and inform the employee that he or she is making a referral to the EAP in order to assist the employee with resolving the conflict. Should the employee refuse/decline the referral and the conflict persists then further disciplinary action may be warranted by the supervisor based on the associated work performance issues. The EAP Coordinator will confirm with the supervisor whether the employee attended the first session. No other information will be released without the employee's written consent.

Mandatory Referrals: Mandatory referrals to the EAP for employee conflicts are reserved for those infractions which upon occurrence are so serious that termination from employment is a high probability. Examples of such infractions include but are not limited to: a conflict involving any physical altercation or a serious verbal threat of harm. In these cases, employees must follow-through with the EAP referral or immediate termination will result.

# Employee Assistance and Employee Relations Involvement

In-house Mediation: Mediation services to assist in the resolution of employee conflict may be provided by either the EAP Coordinator or the Employee Relations Coordinator, depending on several factors. If an employee has utilized EAP services beyond the initial evaluation and/or in the past has had a counseling relationship with the current EAP Coordinator, then the Employee Relations Coordinator will be the designated mediator. The EAP Coordinator may provide mediation services if there is no current or past counseling relationship with either of the employees involved in the conflict. This is to insure that neutrality and therefore the integrity of the process is maintained.

Mediation works the best when the conflict is between employees on the same peer level. It does not work as well for a conflict between employees on different work levels such as a supervisor and an employee, although there are exceptions. Mediation to resolve a conflict between an employee and a supervisor will only occur when there are limited options for resolution, and the supervisor's authority is protected.

# Employee Relations Involvement for Team/Workgroup Conflicts

Mediation services to assist in the resolution of conflict involving an entire team, work group or department may be provided by the Employee Relations Coordinator. Department supervisors

and above may request conflict resolution services for teams or groups. The Employee Relations Coordinator will conduct an initial assessment with the requesting supervisor or manager, and if necessary, with the team, to gather pertinent information. All employees on the team must participate in the conflict resolution process. The findings are confidential and used to develop and implement a management approved course of action and/or specific training programs to resolve team conflict. Instances of team conflict include but are not limited to: New and transitional management; changing processes and systems; team work issues; team performance and motivation; building a team; and team communication. The Employee Relations Coordinator may at times, involve the Employee Assistance Coordinator, Human Resources staff, and/or department director, with the employee(s) written permission to release information.

#### Formal/External Mediation

In some cases, employee conflicts may be referred to the Mediation Center by either the EAP or Employee Relations Coordinator. The Mediation Center is an outside agency that assists in a more formal mediation by trained mediators in order to assist in resolving conflicts. A formal mediation can be mandated by management when work performance issues are evident because of the conflict. In these instances, the department will be responsible for any costs associated with the mediation. When the Employee Relations Coordinator or the EAP Coordinator and the department director agree to use formal mediation, the process proceeds as follows:

- The department director will make the referral to the EAP or the Employee Relations Coordinator
- The EAP or Employee Relations Coordinator will schedule and coordinate the mediation with the Mediation Center.
- The department director will be advised as to whether the parties willingly take part in the mediation
- The process will be discontinued if either party refuses to cooperate or if disputants don't follow the process.
- The mediator will work with both parties to come to an agreement to resolve the conflict.
- A written statement of this agreement will be given to management and to the employees.
- The employees will be held accountable to follow agreement.

Dept. Savannah Police Department

1. Date, time and location the event or discussion took place:

# August of 2018 to Present

2. Give a brief statement of your workplace conflict including names of all parties involved and any persons who witnessed the conflict: (Stick to the facts)

This request is being made on behalf of the listed participants by way of their signatures (see attached) as employees of the City of Savannah Police Department to address a series of complaints against Chief Roy Minter and his failures to abide by both the City of Savannah's Employee Standards and Leadership Principles. All signee's have done so of their own free will and agreed to the request of a Formal/External Mediation to be conducted as part of the City of Savannah's Conflict Resolution Program, as this complaint encompasses the entire workgroup. This workgroup includes Commanders, Supervisors, Officers and Civilian Employee's both Exempt and Non-exempt that request to have their concerns and grievances aired and mediated as a unified front to cover the below listed complaints on Chief Roy Minter's leadership and adherence to City policy.

All employees associated with this request will be at the ready to give personal accounts and examples of the violations:

HR-035 Employee Relations Program

- 1. City Values
- 2. Code of Conduct
- 7. Supervisory Conduct requirements

Chief Roy Minter has conducted himself in a manner contradictory to these policies and its subsections through:

- A series of threats aimed at members of command staff and supervisors of units in group settings. Threats of removal from rank. Threats of removal from command. Threats of removal from units. These threats were placed as a warning to all to not disappoint him and implant fear in the rank and file.
- Intimidation and admonishing to instill embarrassment as a tool and instill his power in numerous meetings
  where officers, supervisors and commanders were publically belittled in front of peers and subordinates.
  Criticism without growth, coaching or intelligent strategizing led to confusion and a disharmonious level of
  communication between specialized units, staff and command.
- Selective positional movements with no standardized measure of success or failure to bring about said transfers and an unwillingness to discuss changes with the effected personnel or command.
- Selective "Open Door" policy which has limited access to officers who needed to communicate issues and concerns but were denied access while others had unlimited access.

- Lack of communication and a distancing from responsibility in the matters of promotions, transfers and policies. A refusal to put his name to decisions that affect the department as a whole to avoid liability or blame.
- Separation of command decisions during critical incidents. Does not assume control over what he sees as an issue and attacks decisions at a later time. Failure to act in chaotic situations.
- Failure to plan for the safety and security or the department by the ways of supplies and equipment. No foresight to equip the officers with safety gear for critical incidents
- Inability to communicate the focus, strategies and goals of the department. Ever changing practices, designs and orders which have led to a department with no collective mission statement and a fragmented series of leaders that plan for avoidance of command due to a lack of team unity.
- Failure to listen to the needs of specialized units whose very mission relies upon training and equipment which leaves them vulnerable operating outside of the standard federal and state levels. Increased level of expectation with limited resources given when requested.
- Favoritism in the levels of promotion and specialized positions. Created positions for loyalty instead of skill and those of skill removed from positions to make way for those of favor. No adherence to probationary periods or posting of job positions.
- Inconsistent punishment levels for like violations through an OPS system designed to be biased but now operates with the Chiefs absolute control. Relieved Office or Professional Services of all counter balances of leadership.
- Unable to create a strategy surrounding the community he is in.
- No focus on the logistical needs of specific units or divisions. Implements a one size fits all mentality.
- Untrue statements made to public, politicians, media and Employee's concerning the effectiveness, strategies, morale, manpower and readiness of the department.
- Implementation of unnecessary projects and technology lacking benefit to the objectives of the department.
- Increasing workload upon supervisors, detectives and officers to impose his personal agenda with no explanation as to the goal. Lack of empathy for the assignments already placed upon employees.
- Renaming and reallocating of resources for pet projects believed to be ineffective and solely for personal growth
- Unfocused training practices that do not train and develop for the future of the department
- Complete breakdown of communication between levels of command staff to mid-level supervision and employee's creating confusion and multiple varying procedures depending on the precinct or unit. Much of this due to the attitudes displayed toward individuals that are pivotal to the command and control.
- Outright disrespect shown to members of staff which leads to dissention and an overwhelming distancing by members of the department to remain out of the target zone.

• Lack of structure and stability generated through his leadership and an inability to develop trust, honesty and open communication.
• Created a fractured team focused on survival of his administration rather than the goals to protect and serve.
3. Please list the steps you have taken to resolve this conflict:
Due to the various members on the complaint and request for mediation this question would be best answered through the process and cannot be fully listed in this section.
